

ORIGINES MAHON GRAVES

AOP : GRAVES BLANC

By selecting the grape variety for each plot to suit its terroir and complying with strict specifications for each wine. Les Vignerons de Tutiac are able to offer you delicious, superb quality wines, vintage after vintage.

LOCATION AND LANDSCAPE / This 100% Sémillon is produced from vines located near Lieu-Dit Mahon in the village of Pujols-sur-Ciron, several minutes from Sauternes and Langon. "Mahon" is an old French word for poppy or red flower. These plots were selected for their sandy terroir on a deep gravel subsoil, conducive to good hydration and limiting water stress. This allows good development of the grape berries, resulting in a fresh and delicate white wine.

GRAPE VARIETY / Sémillon

WINE MAKING / From direct pressing. Fermentation and barrel ageing : 8 months.

TASTING NOTES / This wine is a beautiful pale yellow colour with green highlights. The expressive bouquet reveals white fruit aromas. A delicate, complex wine on the palate, it displays tremendous balance between floral notes and oaky flavours reminiscent of coconut and vanilla. The finish is well-balanced, fresh and lively, with a lovely long aftertaste.

Enjoyable now and within the next five years.
